GREAT BOOKS GROUP TO MEET IN TINLEY SAT.

The Great Books club of Tinley Park is planning on taking up the first year reading list this year to encourage new membership in their organization.

This program is planned by the Great Books Foundation established in 1947, to develop a coordinated reading and discussion program on a nationwide basis. The program has had its modern beginnings under John Erskine at the "AEF University" in France in 1919. Former Chancellor Robert M. Hutchins and Prof. Mortimer Adler introduced the Great Books at the University of Chicago.

The reading for the first year begins with the Declaration of Independence and two Old Testament readings and continues with others that touch every man and all his concerns and in every crisis of human life. In Thucydides, man seeks mastery of himself; with Aquinas, reason moves faith; in Plutarch and Machiavelli, man's power tears the world apart; in Shakespeare, man's soul is rent with ambition and lust.

These writers the world's most exciting thinkers in great conversation across the ages, argue with each other in search for the good, the true and the beautiful. They have established the tradition that we continue to debate. Their imperishable works are the most eloquent arguments on every side of every great issue.

Housewives, attorneys, farmers in our area set around in our homes every two weeks to discuss these readings. The first meeting will be Saturday evening at 8 o'clock in the home of Mr. and Mrs. Michael Borge. The discussion will be ably guided and stimulated by their leader Mr. W. W. Kester, lecturer, editor and professor. He will be assisted this year by volunteer co-leaders from the group.

Everyone interested in this program or wishing more information may call the Borge home at Tinley Park 2668 or the Kester home at Tinley Park 2290.

In the bazaar booths will be found many items in addition to candy and bakery; fancy work, aprons, rugs, and in the country store will be found home made jellies and jams, eggs, fruit and garden produce.

Pupil Hits Teacher; Father is Sued

(CNS)—The superintendent of Markham public schools Monday sued the father of a seventh grade pupil for \$100,000 in Superior court.

School Superintendent J. Louis Winegarner, 15820 Kedzie avenue, Markham, sued Howard J. Kraey, 15708 St. Louis avenue, Markham, for \$50,000 for personal injuries and \$50,000 in punitive damages, claiming malice was the gist of action.

Winegarner charged that Kraey struck him May 23 in the superintendent's office at the Markham school, 16207 Lawndale ave. Kraey went to the school to see Winegarner after Kraey's 12-year old son, Joseph, allegedly told him he was whipped by a teacher for throwing a spit-ball in class. Kraey cooled his heels in Winegarner's outer office as he waited to see the superintendent.

Apparently Kraey lost his patience, according to Winegarner's attorney, Leonard James Jakes, who said that Kraey barged into the superintendent's office and hit him.

Kraey has been indicted by the grand jury to appear in Criminal court September 18. Under a new state law, a person is subject to a maximum fine of \$1,000 and a year in jail for assaulting a school employee.

Yunker-Schilling Wedding at Mokena

Miss Marjorie May Yunker, daughter of Supervisor and Mrs. Fred Yunker, of Orland Park, and Norman Schilling, son of Mr. and Mrs. George Schilling, of Homewood, were united in marriage Sunday afternoon, September 9, at 2:30, in St. John's Evangelical and Reformed church. The double ring ceremony was read by the Rev. W. J. Riemann, at the altar decorated with baskets of white gladiolas and lighted with candelabra. The pews were marked with satin streamers in nasegays of small glads.

The organist, Miss Dorothy Kohl, played the wedding music and accompanied Richard Gillette when he sang "I Love You Truly" "Because," and the "Lord's Prayer".

The bride, escorted by her father, was dressed in a gown of white satin made with a lace bodice and a long train. Her finger tip veil fell from a tiara of pearls and rhinestones. Her only jewelry was a pearl necklace with matching earrings, a gift from the groom. She carried a cascade bouquet of boka white glads with a center of gladiola.

All of the bride's attendant: wore gowns of satin similarly fashioned, with matching head-dresses. Her sister, her matron of honor, Mrs. Dorothy Hentsch, wore American beauty satin and carried Talisman roses. Her bridesmaids were the groom's cousin, Miss Arlene Schilling, and her cousins, Miss Phyllis Yunker and Miss Florence Schult. Miss Carole Yunker, a niece of the bride, scattered American beauty petals.

The groom was attended by his brother, Robert, Alvin Henke and Edwin Niemeyer, both of Tinley Park, and the bride's brother Donald Yunker, the latter two serving as ushers and lighting the candelabra. For her daughter's wedding Mrs. Yunker wore navy blue with white accessories and Mrs. Schilling was dressed in navy with beige hat and accessories. Both had American beauty corsages.

After the wedding the immediate members of the families and the sponsors of the couple were served a supper in Saenger hall at Tinley Park. The bridal table laid with a white cloth and centered with a four tiered wedding cake, was decorated with the attendant's bouquets and all the tables were lighted with tapers in crystal holders. The reception held later in the evening was attended by 500 guests who enjoyed dancing and refreshments. The wedding cake was served by Mrs. Louis Lauffer, and Mrs. Charles Schult, aunts of the bride. Many beautiful gifts were received.

The couple left on a wedding trip through the western states and on their return will make their home with the groom's parents where he is employed by his father in the operation of their farm. The bride graduated from Orland High school and has been working for an insurance company in Chicago.

BRIEF-LY SPEAKING

If only a woman's mind were as easily made up as her face. Thank Heaven this is still a free country where a man can do as his wife pleases.

HITS WOMAN ON TRACK SATURDAY 18 FREIGHT CARS WRECKED SUN.

Passenger Train Saved as Engineer Sets Brakes and Jumps to Safety; Wrecking Crews Worked Thru Tues. Clearing Rails

Mrs. Mari Vladika Dies On Tracks

An aged woman who had lived in Tinley Park only six weeks met a tragic death Saturday at 5:40 when she was hit by a Rock Island passenger train.

Mrs. Mari Vladika, 72, had moved to Tinley Park with her son Joseph and family who had purchased a home at 17346 South 68th court. It is reported that the trains held an attraction for her and she would walk nearby where she could see them better.

There were many commuters on the train returning from Chicago. Engineer Edward Williams of 2540 Grove street, Blue Island stated he and the crew noticed the elderly woman sitting on the tracks and at once applied the brakes and blew the whistle. The diesel-engined train hit her before coming to a stop. The conductor was J. M. Gallagher, 55, of 6769 West 174th Place, Tinley Park.

It is thought that probably Mrs. Vladika became frightened when she saw the train and could not move because she lay down on the track and her head was struck by the train. Her family stated she took long walks daily. The train was held up at Tinley Park for nearly two hours by the accident and subsequent investigation.

Mrs. Vladika was born October 6, 1878.

Surviving beside her son, with whom she lived, are two daughters, Mrs. Jennie Barnes, Baltimore, Md., and Mrs. Elsie Pavlovsky, Orlando, Fla., and 13 grand children. Her husband died in 1933.

The body was removed to the Hirsch chapel in Tinley Park. Funeral services were held Wednesday morning in St. George Catholic church in Tinley Park with burial in Resurrection cemetery in Chicago.

The inquest is pending.

Dear Mrs. Semmler:

I read with a great deal of interest, my brother Charles's letter to you, for it brought up a flood of happy memories of many grand outings in the Mokena woods, which we started over thirty years ago.

I wrote the enclosed poem many years ago, after a hike through the Mokena woods, and hope you find space for it in your good paper. It is my fond hope I can make at least one more visit to old Hickory creek.

With all good wishes,
Sincerely yours,
Joseph A. Singler

JOYOUS NATURE

Roaming the Mokena woods, on an autumn day,
With pungent smells of earth and leaves beguiling;
Watching frisky squirrels at work and at play,
While noisy jays were scolding and reviling.

We wandered far, enjoying nature without a care,
Free from the daily grind of city strife;
Breathing deeply of spiced and rain washed air,
And to a nature lover this is life!

We saw a bunny nibbling dry, dead grass,
And wondered why? Wondered in vexation;
Ah, the cute little devil, alas,
Was just captive to a false imagination!

N. U. Awards Degree To Frankfort Girl

Miss Charlene Folkers, daughter of Mr. and Mrs. Glenn Folkers, of Frankfort, received her bachelor of science degree in nursing from Northwestern university, on August 31.

Miss Folkers took her nurses' training course at Wesley Memorial hospital, Chicago, and graduated there as a registered nurse in September of 1950. She is now employed at the Evanston hospital.

Residents of Tinley Park were shocked by railroad accidents over the week end.

Eighteen cars of a Rock Island freight train left the track two miles west of the village as the train was traveling east Sunday shortly before noon. A commuters' train coming from the opposite direction screeched to a halt just in time to save crashing into cars piled up on their track by the jack-knifing freight. The trainmen set the brakes and leaped to safety. A third train, an excursion special with 200 passengers aboard following the commuters' train, was stopped in time to escape hitting the one in front.

Louis Fairchild, 45, of 6545 S. Union avenue, Chicago, engineer on the commuters' train, and Clifton Oates, 26, of 183rd street and Oak Park avenue, Tinley Park, fireman, escaped with bruises and the 100 commuters' were shaken up when the brakes were applied but no one was seriously injured.

The special train carrying hikers from Chicago to Joliet, pulled up shortly behind the commuters' train when it was stopped by the red block signal less than a mile from the wrecked cars.

By the time Vern O. Potter, 52, of 5339 S. Peoria, Chicago, engineer of the 120 car freight, had stopped the diesel engine, sections of the west bound track were twisted up like the letter S. New John Deere farm equipment loaded on three cars, was thrown across the west bound track when one flat car landed with one end in the ditch on the right-of-way.

Clarence Bettenhausen, of Tinley Park, with his big caterpillar tractors worked Sunday pulling box cars off the right-of-way and the farm equipment, much of which was crumpled up like paper, into a field on the south side of the tracks.

A railroad crane was also helping to clear the wrecked cars.

The damage, which at first estimate was set at hundreds of thousands of dollars, was thought to have been caused by a burned out journal on one of the cars but spokesmen for the railroad refused to comment on the probable cause until an official investigation is made. The two passenger trains were backed up to Tinley Park and rerouted to Joliet. One track was cleared that evening allowing traffic to be shuttled back and forth in both directions. Some of the Chicago traffic was routed to Joliet over the Gulf, Mobile and Ohio railroad, before the track could be cleared.

Hold Up Tavern; Escape With \$192

The B. and B. tavern on route 7, near the Lockport-Homer line, was robbed by two youths, aged about 20, who escaped in a waiting car driven by a third lad. After obtaining \$192 from the cash register they took wallets of the tavern keeper, William Ziesemer and two customers.

State police and sheriff's deputies responded to Ziesemer's call, but the trio escaped the police net which was thrown around the area.

Tinley Man Retraced Boyhood Steps In New England States

Mr. and Mrs. William A. Fitch of Tinley Park have recently returned from an interesting four weeks tour of Eastern Canada and the New England states traveling 4500 miles.

While in Mt. Denson, Nova Scotia, they visited their cousin J. M. Schurman and wife and also had the pleasure of meeting another long lost cousin, Mrs. Blanche Rathburn of Melrose, Mass., who was a visitor.

It was quite an undertaking tracing family and relatives after an absence of 48 years, but most satisfying to learn many were still living.

Except for the portions, that of necessity, paved highways, the country and its beauty are little different than they were when Mr. Fitch walked these as a boy.

Mr. Fitch reports it is the most compact sport land on the continent. There are 314 trout and salmon streams and 516 trout lakes either adjacent to or within reach of the roads in Nova Scotia.

78 Pupils Enroll At St Mary's School

St. Mary's School, Mokena has opened its doors for the third time to a group of 78 lively youngsters, 37 of whom are boys and 41 girls.

We can boast of an increase of more than 100% of the enrollment we had two years ago. In 1949 we could account for only 35 pupils, September, 1951 brought an increase—we had 78—60 good pupils under our roof—and now in 1951, we are happy to report that 78 ambitious youngsters have enrolled in our school.

Not only has the number of pupils increased, but we are also happy to report that St. Mary's faculty has increased to three Franciscan Sisters of the Sacred Heart, whose Mother-house is located in Joliet, Ill.

Sister Theresa Clare is our first and second grade teacher. Sister Cordula, who always likes the happy medium, is busy with the 3rd, 4th and 5th graders, and the 6th, 7th, and 8th grades are in charge of Sister Charlotte.

The girls are anxiously awaiting the first day of October when they will don their school uniforms, navy-blue jumpers and white blouses, with their school emblem in school colors, gold and blue.

The boys are looking forward to have a few good games of baseball and eventually basketball with teams of other schools.

—Report from the teachers.

LOCAL DRUGGIST TO GIVE CAREER TRAINING PROG.

Mr. Alan Cavett, owner of Cavett's Rexal Drug store, Tinley Park, has announced the completion of arrangements whereby their salespersons will receive free career training.

Through a program developed by the Rexal Drug company for the training of drugstore employees, Cavett's Rexal Drug store will teach their salespersons correct selling techniques, personality improvement and human relations.

The medium used for this educational program is that of film. These slide films, accompanied by music and voice sound, were made in Hollywood and employ the talents of professional actors and directors. Using a portable projector no larger than a woman's cosmetic case, these films will be screened in Cavett's Rexal Drug store. They will portray the experiences of a druggist, his clerks and his customers. The program is to be a continuing one with a new film being shown each month.

Mr. Cavett says he expects this program to accomplish several things. Not only will it be used to train his present personnel but it will also be an easy and efficient way of teaching proper drugstore selling to new employees. He believes it will enable him and his sales staff to serve their customers better and more efficiently than ever before. In addition, he believes the basic psychology lessons learned from these films will prove to be invaluable career training for his employees and will enable them to get more enjoyment out of their work.

HAM SUPPER AT T. P. CHURCH

The Woman's Society of Christian Service of the T. P. Methodist church is holding a Ham Supper Thursday evening, September 13th from 5 to 8 p.m. in the church social rooms. Everyone is welcome.

A big harvest festival is to be held in Mokena Sunday, September 16 at the VFW hall and on the grounds. It is being sponsored by the members of the William Martin Post No. 725 VFW of Mokena, who are taking a last fling at summer activities.

To start out the festivities a big turkey dinner will be served by the Auxiliary to the Post starting at 12 o'clock noon, and continuing to 6 p.m. This will be a complete dinner with all the trimmings and one which no one wants to miss.

On the grounds surrounding the hall will be an array of farm products for which the following prizes will be given: for the longest ear of corn; heaviest on the following entries: pumpkin, potato, tomato, head cabbage, cucumber, and onion; tallest soy bean stalk; best pint sample oats and wheat. Prizes which business-men have donated will be awarded at 11 p.m. on the entries.

There will be an interesting contest, horse shoe pitching, starting at 1 p.m. This is a chance to show ability in this art, and many there are in this territory who are good at this game and which will be well worth watching.

But this is not all! The men really want to make this a day long to be remembered. There will be an old fashioned barn dance with prizes awarded for the most typical farm couple dancing. A good orchestra has been engaged.

Now back of all this activity the reason for it is to raise money with which to add to the building indebtedness fund to reduce that debt. Therefore those in charge are inviting everyone to attend one or all of these special events to be held this Sunday. And they do say those turkeys are really fine!

**Crusade for Freedom
James C. Bell**
District Chairman

James C. Bell, of Joliet, has
been named district chairman of
the 1951 Crusade for Freedom.

Veteran of both world wars
and a past commander of Har-
wood Post 5 of the American
Legion, Bell is owner of James
C. Bell & Associates insurance
agency. He is a member of the
Joliet Association of Commerce
and the Joliet Insurance Agents
association.

He will direct Will and Kan-
kakee county organization of the
Crusade which supports Radio
Free Europe, the independent
broadcasting voice which pierces
the Soviet iron curtain.

This year's Crusade is the first
opportunity Illinoisans have had
to participate in an organized
"freedom" drive. In 1950, the
Crusade was climaxed by Gen.
Lucius Clay's presentation of the
Freedom Bell to the citizens of
West Berlin.

That campaign also secured
some \$1.3 millions, which financ-
ed construction of a high-powered
radio transmitter now broadcast-
ing to Czechoslovakia, fighting
Communist propaganda through
the voices of patriotic Czech ex-
iles. This year's objective is more
transmitters.

Gov. Adlai E. Stevenson is hon-
orary chairman of the Illinois
Crusade, with Wilford J. Kramer
executive for the outstate head-

quarters at 314 South Fifth St.,
Springfield.

Local groups will cooperate
with that headquarters to fulfill
the Crusade's objective which
Gov. Stevenson stated this way:
"To make easy enrollment pos-
sible for everyone who wishes to
join in a practical plan to fight
the big lie of Communism with
the great truths of human free-
dom."

Trading in Soybean Meal Futures at Chi. Board of Trade

Taking another forward step in providing both producers and processors with the best possible marketing facilities, the Chicago Board of Trade will initiate trading in soybean meal futures contracts at an early date. This will give the soybean industry a complete and comprehensive market in the Midwest for raw soybeans as well as for the oil and meal.

Trading in soybean futures contracts was started in Chicago late in 1936. Over a year ago, futures trading activity was initiated in crude soybean oil. With the prospective start of trading in soybean meal futures, the Board of Trade will be offering an unmatched opportunity to all segments of the industry—processors, merchandisers and producers alike—to obtain price insurance through hedging in the raw commodity and in its two main products. No other exchange presents the opportunity to trade in

all three commodities at a single central market place. This will round out the economic services afforded by the Chicago exchange in connection with a commodity which less than a generation ago, was virtually unknown in commercial channels in this country.

The Chicago Board of Trade has just published a new 32-page booklet, entitled, "The Story of Soybeans". Packed with basic factual material, this booklet should serve as an excellent data source for those interested in the industry.

Watch for School Children Constantly Says Motor Club

Every motorist must conduct his own safety campaign as children begin returning to school, advises Chas. M. Hayes, president of the Chicago Motor Club.

Drivers should keep an alert eye open for the yellow signs warning of an approaching school zone or school crossing. Drivers should also be on the lookout for safety patrol boys wearing the familiar white Sam Browne belt.

Yellow school signs and patrol boys should be an immediate warning to motorists to slow down and be prepared for an emergency stop. Young children especially in the five to nine age group are not familiar with the restrictions placed on them by traffic. After a summer spent largely within the confines of their own block, children are not aware of the dangers at intersections.

Motorists should also make turning motions at the lowest possible speeds at intersections used by school children in order

to have cars under complete control at these danger points.

Mr. Hayes warns that if traffic fatalities are to be held to a minimum during the school year, drivers must at all times yield the right-of-way to children.

Everyone Pays For Condemned Livestock

Here are some figures that may help explain the spread between market prices of livestock and butcher shop prices.

More than 300,000 head of livestock and 1,682,492 parts of carcasses were condemned in the United States as unfit for human consumption from July 1, 1949 to June 31, 1950. Every time you buy a piece of meat, you help pay for this tremendous loss.

Dr. N. D. Levine of the University of Illinois College of Veterinary Medicine says much of this loss could have been prevented if farmers had used good management practices and sanitation. For example, here are some of the major causes for rejection of swine (138,699 carcasses and 1,446,405 parts were condemned): tuberculosis, pneumonia, abscesses and arthritis. Good management plays a big part in controlling these diseases.

A conservative estimate of the value of condemned hogs alone would be more than \$7½ million. This doesn't include parts of carcasses rejected.

Through demonstration projects sponsored by the University, farmers are being shown how to cut these losses, says Dr. Levine. One example of such a project is the McLean county system of swine sanitation. By following the good management practices of this plan, Illinois farmers have been able to raise more and healthier pigs in less time and on less feed.

From where I sit... by Joe Marsh

Easy Makes His "Cat"
Tread Lightly

Driving home on Three Ponds Road yesterday, I was flagged down by Easy Roberts' boy Skeeter. "Take it slow," he advised. "Dad's crossing this road with our tractor, just beyond the bend."

Around the curve I saw why Skeeter stopped me. Easy had laid two rows of old truck tires across the road, and was driving his new "Cat" tractor over them!

"More trouble this way," Easy explains, "but it does keep those tank tracks from tearing up the asphalt when I have to cross over to our other fields. After all, the

roads belong to all of us—and I guess I'd get mad if someone else chewed them up."

From where I sit, Easy is my kind of citizen. He doesn't just give democracy lip service. He honestly believes it's his duty to consider the other fellow's interests. Whether it's the right to use the public highways or the right to enjoy an occasional glass of beer, Easy's out to protect his neighbor's "right of way."

Sunday school 10 a. m.
Morning worship 11:50 a. m.
Christian Followers 6:30 p. m.
Evening service 8:00 p. m.
Mid-week service 8:00 p. m.
Calvary Baptist, Lincoln Estates, Frankfort, announces that the Rev. William N. Kerr, pastor, has returned to the pulpit following completion of his vacation-study tour in the Holy Land and points of religious interest in Europe.

The pastor returned to the pulpit last Sunday after having visited Genoa and Venice in Italy; Alexandria, Egypt; Beirut, Syria, Jerusalem, Athens, Greece; and Rome and Naples, the last stop being the embarkation point for the journey home. The trip took 60 days, and was under auspices of the Northern Baptist Seminary, under direction of Dr. A. C. Schultz.

The congregation extends a cordial "welcome home" to Rev. Kerr and also a hearty greeting to Mrs. Kerr and the children, who spent their vacation visiting with relatives in Michigan.

During the pastor's absence the Rev. and Mrs. Stuart Brightwell ably handled the spiritual ministrations and the church both are happy in the enjoyment of the temporary association and uplifted by the spiritual guidance and comforts.

To the Rev. and Mrs. Brightwell we again extend our thanks for a mission well done and pray that their further endeavors may be as fruitful of good works and that the future may bring a renewal of the pleasant friendship.

Next Sunday, the 16th, marks the beginning of a revival week at Calvary. The meetings are to run through to the 23rd and the time is 8 p.m. On Friday, the 21st, a special meeting is to be held.

The Rev. Forbes is to be the speaker at the meetings and a cordial invitation is extended to all residents of the area to attend the meetings, to enjoy the fellowship of Christ, hear the inspiring messages and to make the acquaintance of the friendly folk who attend Calvary Baptist where all are welcome.

If you have as yet no church home, the members of Calvary Baptist invite you to come to the church of the open door and join in the services. Come if you will and come when you can, but come. We will be pleased to make you Welcome in the fellowship and worship.

Church membership in the United States, according to tabulations by the Christian Herald, has soared to a mark of 55.9 per cent of the population for a grand total of 85,705,280—up 2,950,987 from 1950.

The figures for the principal faiths were listed as follows: Protestant, up 1,409,045 to 50,083,688, a gain of 2.89 per cent. Roman Catholic, an increase of 859,784 to 28,470,092. Up 3.1 per cent.

Jewish congregation figures were static at 5,000,000 as no new statistics were available for last year.

The Christian Herald, the only religious magazine making such a regular, comprehensive survey of church membership in the United States, said that "the major faiths continue in about the same proportions to each other."

Regularly scheduled airplane service will be in four parts between Sky Harbor and Midway airports; between Midway and Meigs field on Northerly isle; between O'Hare International and

Midway; and between O'Hare and Meigs.

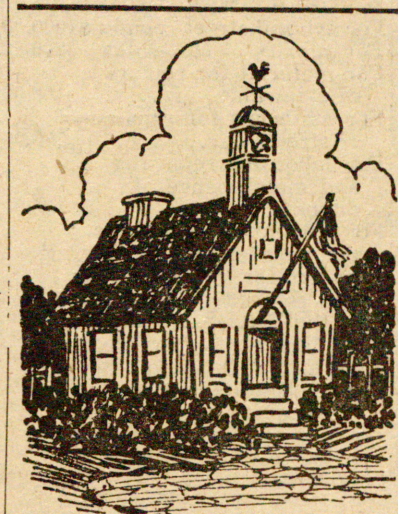

Hugh Riddle, president of the company, said he already has Civil Aeronautics approval of the shuttle service.

Between the Sky Harbor and Midway fields fare will be \$5 per passenger and personal baggage. The Midway-Meigs fare will be \$3, and fares for the two other routes are still to be set.

Cessna 195A planes will take 12 minutes for the Sky Harbor-Midway flight and six minutes between Meigs and Midway. No freight or mail will be carried.

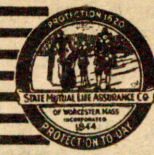

3,000 More Teachers Needed in Illinois

Mr. Vernon L. Nickell, state superintendent of public instruction of Illinois, announces that due to the increase in the births in Illinois during the years of 1945 and 1946, the state will need an additional three thousand teachers to meet the demand for the first and second grades alone in 1951-52. These two years represent the beginning of an increase in the elementary grades that will not reach its peak until 1959 and the peak enrollment for elementary and high school will not be reached until 1962-63. Mr. Nickell expressed the opinion that there are real opportunities ahead for young people in the teaching field. Larger enrollments, better salaries and an excellent retirement system affords an outstanding opportunity for young men and young women entering the teaching profession.

"Just Been Thinkin'"**BACK TO SCHOOL**

When the summer vacation had come to its end
For me it was tragic and cruel;
I preferred the outdoors
And I quivered to think
Of the stifling air in the school.
I loved the wild berries
Way down by the stream
And each frog on his cool lily pad;
Oh, the school bells were brutal
Oppressors who stole
All the joys that this boy ever had!
My fishpole lay lonely
At the back of the barn,
Its use and its purpose denied—I
Was locked in a world
Without reason or right
With my dog deep in slumber
outside.
In my life I have learned
Each small schoolhouse impels
Youth and elder to endlessly yearn;
For the boy is too young
To escape from the school
And the man is too old to return!
